

Gain the benefits of Microsoft Exchange for a small monthly fee. With AHT Technologies Hosted Microsoft Exchange Server 2003 and 2007, your organization can take advantage of all the features and functionality of this popular application such as Calendaring, Email, Tasks & Contacts without the technical headaches of your own servers. This easy-to-use service offers an intuitive collaboration capability for improved productivity with anywhere, anytime access.

Features and Benefits

Personal & Shared Calendar

Exchange allows you to have your own calendar but if you want you can also share its content with other people in your organization.

Personal & Shared Address Book

Exchange allows you to have your own contacts but if you want you can also share your contacts with other people in your organization.

Task Manager

Exchange allows you to have your personal task manager which can also be shared with other members of your organization.

Auto Reply

With Hosted Exchange you will be able to set auto replies if you're out of the office or on vacation, forwards if you want your other email address to be forwarded into your Hosted Exchange account and unlimited alias and filters.

Outlook Web Access

Hosted Exchange allows you to access your outlook from any web browser in the world i.e any computer that has an internet connection. From home or an internet café you can always stay up to date and reply to your emails.

Daily Backups

Your email is synchronized every 5 minutes keeping duplicate copies on your local machine as well as the Exchange server. Our Exchange servers are then backed up daily to ensure you never lose data.

Distribution Lists

Exchange allows you to use distribution list with your account. Distribution list is a function used in Outlook and Exchange where a list of email addresses are used to email everyone on the list at once. They also allow you to have one email address that is routed to several people in the organization.

Personal Company Email Addresses

By employing a hosted exchange service you can use a registered domain name for all your email addresses. No more '@gmail.com' addresses that don't direct customers to your website or remind them of your company.

Go Mobile

Employ Windows Mobile devices which directly sync with your outlook data. Email, contacts, calendar appointments and tasks all available whether you're in the office or on the go.

CRM & SharePoint Integration

Combine Hosted Exchange with our Hosted CRM & SharePoint services to complete the Sales, Customer Support and Collaboration toolset.

Today's marketplace is extremely competitive. SMB's are always seeking **new and innovative ways to stay ahead** of the competition. It's a constant battle for better tools that help generate greater efficiency and productivity. **Boost up your employees performance** with Hosted Exchange and increase **their productivity** at work by **improving their collaboration and communication skills**.
